

EKOAUDIT Ltd.

- ✓ **Management systems**
- ✓ **Environment**
- ✓ **Energetics**
- ✓ **Other activities**
- ✓ **Costs in an organization**
- ✓ **Training**

- ✓ The company was established in 1994 with only one Czech owner. The number of employees is about 10, a higher number of external specialists, cooperants – individuals, institutes, universities and other companies have been used for work.
- ✓ Our work has been performed in the Czech and Slovak Republic, in small extent also in Germany, south Poland and in Austria. Our clients are big Czech and also international companies; as to the latter, it is e.g. ČEZ, ROBERT BOSCH, ALSTOM POWER, HOLCIM, AMP Czech, Astron US, FLAGA US, TESCTO Stres, Soufflet, Lassellsberger, Praha PLAZA, LHOIST, ŠKODA STEEL consortium, TVX Bohemia, FORTEX-Ags, Ventureal, Viventy, Mlékárna Kunín, První brněnská strojírna Velká Bíteš, ZETOR Brno, MAFRA – printing shop, MERKURTISK, ČEZ OZ, FENSTAR, SLOVAK TELEKOM etc. (references - www.ekoaudit.cz).
- ✓ Program of work was gradually extended to the following areas:
 - ❑ **environment** – nowadays complete services – audits (environmental-legal, Due Diligence, old environmental burdens, audits for privatization projects, for new investments), EIA documentation, expert's statements and opinions, Dispersion and noise studies, waste and waste disposal sites, hydrogeology, examination of other contaminations of the environment, studies of the influence on health etc.
 - ❑ **management systems** including process management of organizations; implementation of international ISO standards, individually or integrated with relation to the IT: 9001, TS 16949 (automotive industry), IRIS – railway industry, EMAS, ISO 14001, OHSAS 18001, ISO 27001, ISO 50001:2012 etc.
 - ❑ **energetics** (energetic audits), use of biomass, use of wind energy (until now, more than 140 projects were considered; we have great experiences also in the area of usage of solar energy). The company EKOAUDIT, Ltd. has been solved many projects in this area: energetic island Býšov by Nuclear Power Plant Temelín, project preparation of the reserve (black-out) energy source (50MWe) for Prague – North. Simultaneously, we prepare other 2 – 3 projects for similar use (up to 100 MWe), with this area also goes an elaboration of Feasibility Studies, of energetic conceptual solutions and other energetic studies.

- ❑ creation of **applications for integrated permits** – IPPC (incl. BAT, BREF)
- ❑ creation of **applications of organizations to obtain a grant from the European Union or the Czech Republic** for various investment projects, education projects etc. This either in cooperation with banks or economically specialized organizations.
- ❑ **training, education and coaching of management** or mid-level management of organizations; realization of a EU project of education in casting in the years 2006-07 in cooperation with the Casting Association (Slévárenský svaz) and the casting college; we participate in professional education as well as in the sphere of common skills in many other organizations. We participated in a three-year Leonardo Da Vinci EU programme called “Construing an integrated SME-management within the European Union”.
- ✓ EKOAUDIT is a company certified with ČSN EN ISO 9001. Our most important criterion is the work quality reflected in the customer’s satisfaction as well as communication skills and negotiation skills. We stress the knowledge and use of legislation and other legal requirements. We are also holder of the appreciation for TOP services in the area of quality – TOP CZECH QUALITY for the years 2011 and 2012.
- ✓ We have numerous good contacts with authorities and ministries. Language of communication is English and German. We are creative and able to adjust to the requirements of the economy and technical development of companies and to other requirements of management systems of organizations.
- ✓ We cooperate with domestic and foreign banking houses (incl. EBRD and WB).
- ✓ We are in the National register of advisors for company and environment management system.
- ✓ Our auditors also work in several certified companies as external management system auditors.
- ✓ EKOAUDIT has been extending its working activities to other European countries. In case of interests of foreign partners, we accept a common extension of our interests.
